10-12 November 2015 International Mining and Resources Conference Melbourne - Australia

An introduction to *The Strategy of Iranian Government* to promote investment in Mining and Metal Sector

Foreign Investor Opportunities

Dr. Mehdi Karbasian Deputy Minister and Chairman of IMIDRO

Iranian Mines and Mining Industries Development & Renovation Organization

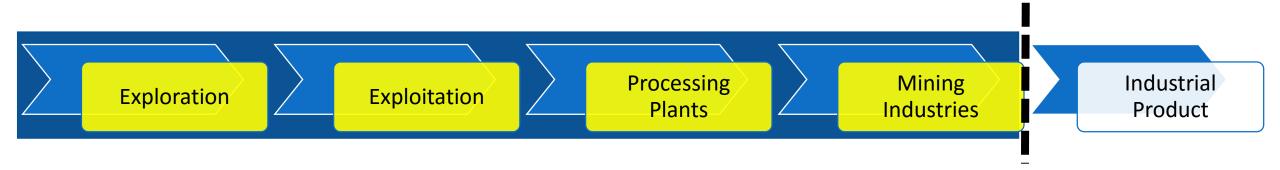

Iran Mines and Mining Industries Development and Renovation Org

As one of the Major Shareholder of Big Mining Companies in Iran, IMIDRO is a State-Owned holding company, with activities from Exploration to Exploitation and Processing and Mining Industries

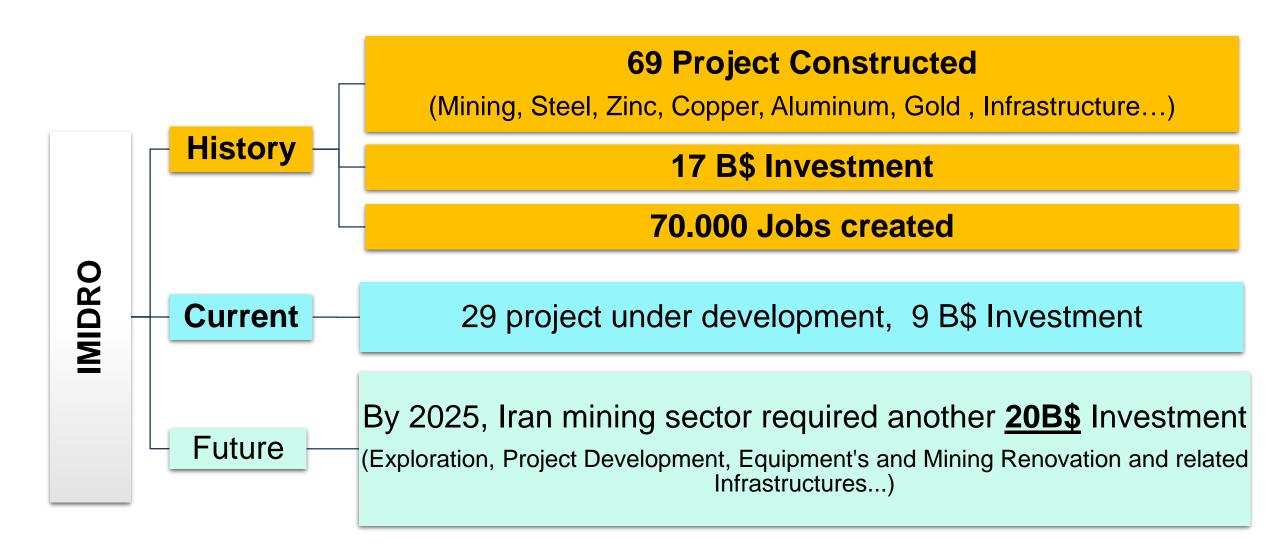

We provide supportive fund for Infrastructure, R&D, Training and ... investing all of our resources and revenue in mining projects in partnership with Private Sectors

IMIDRO has International Subsidiaries in Germany, Italy, Russia, China, Kazakhstan, Dubai and some other countries... and can handle the projects and contracts based on International regulations and Laws...

10/11/2015

Why Mining Sector in Iran has potential to go international?

Very Big Local and Regional Market

Mining Reserve, Mostly Open Pit

Energy Resources

Suitable Infrastructure

Access to International Ports/Sea

Gateway to Afghanistan/Mena/CIS

IMIDRO as a partner

Free Tax

Financial support from Oil fund

Other Incentives

Potentials for Iran

Investment Opportunities and Development of Mining Sector in Iran

> Government Incentives for Investors

10/11/2015

5

About Iran vast resources

80 Million peoples- 41% Young and well graduated (41% of Population)

Energy Resources: Ranked #1 in Natural Gas Reserve(18.3% world) and #4 in Oil reserve (9.3% world) – life of those reserve more than 100 years

37 Bton Mining Resources: With 1% Population and 7% of the world, Valued 700B\$, 68 types of minerals, including Gold, Coal, iron ore, copper, lead, zinc, chromium, barite, Salt, Gypsum, Molybdenum, gold and REE.

The Mines in Iran are mostly Open-Pit and high grade, including SarCheshmeh Copper(1.2 B Ton- Grade 0.7%), Anguran Zinc (Grade 35%), Mehdi Abad Zinc (160 million Ton), Sangan Iron Ore (1.2 B Ton), GoleGohar (1 Billion Ton)

10/11/2015

Mineral Resources of Iran

- Iran world ranking increased as part of IMIDRO activities in the past 15 years...
- International ranking of Iran:
 - Steel: 14
 - Cement: 4
 - Copper: 20
 - Aluminum: 19
 - Iron Ore: 9

Mineral Resource	lran reserve	Unit	Iran as % world
Iron	2.7	Billion Ton	1%
Copper	2.6	Billion Ton	4%
Zinc	11	Billion Ton	4%
Gold	250	MT	0.5%
Barite	10	Billion Ton	5%
Phosphate	16.5	Billion Ton	0.05%
Bauxite	1.16	Billion Ton	4.97%
Magnesium	17	Billion Ton	0.5%
Chromite	8.5	Billion Ton	0.11%

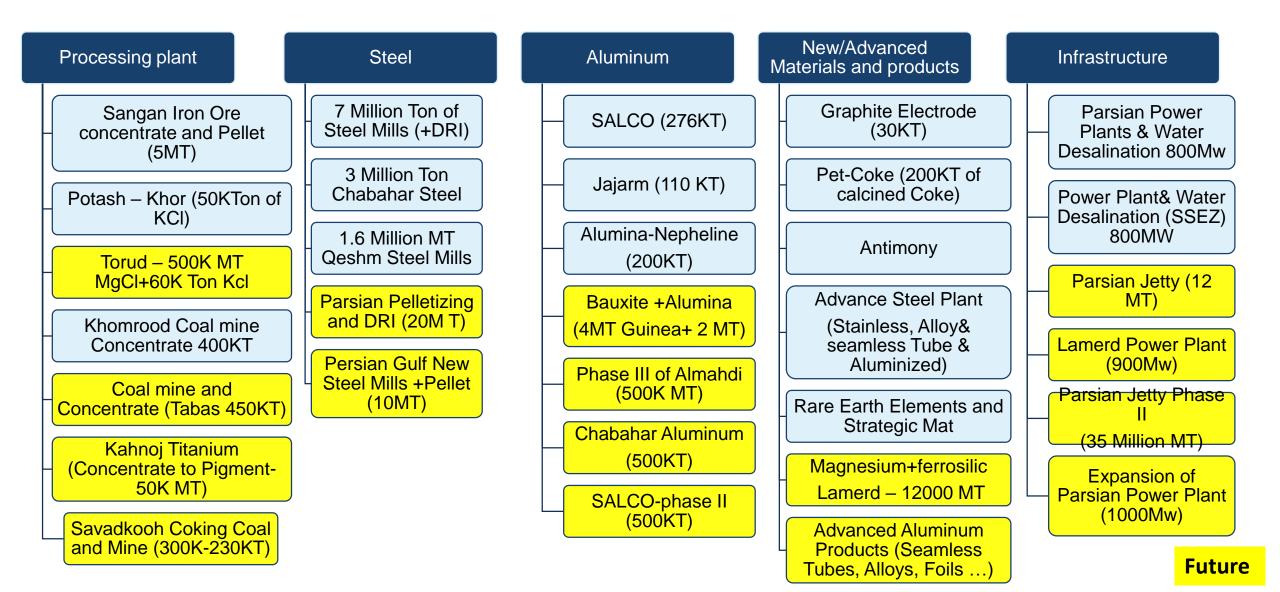

Iran Position in Mena-CIS-Wast Asia (Thosand Ton)

Regional	Steel		Aluminum			Copper Cathode			
Ranking	Country	Production	% of World	Country	Production	% of World	Country	Production	% of World
1	India	87 291	5.3%	Russia	3,601	7.3%	Russia	850	4.5%
2	Russia	71 461	4.3%	UAE	2,341	4.7%	Kazakhstan (Concentrate)	430	2.3%
3	Turkey	34 035	2.1%	India	2,100	4.3%	IRAN	190	1.0%
4	IRAN	16 331	1.0%	Bahrain	930	1.9%	Turkey	90	0.5%
5	Egypt	6 485	0.4%	Saudi Arabia	740	1.5%	Saudi Arabia (Concentrate)	58	0.3%
6	Saudi Arabia	6 291	0.4%	Qatar	610	1.2%	India (Concentrate)	39	0.2%
7	Qatar	3 019	0.2%	Oman	375	0.8%			
8	Pakistan	2 423	0.1%	IRAN	350	0.7%			
9	UAE	2 390	0.1%	Turkey	65	0.1%			
10	Uzbekistan	723	0.0%						

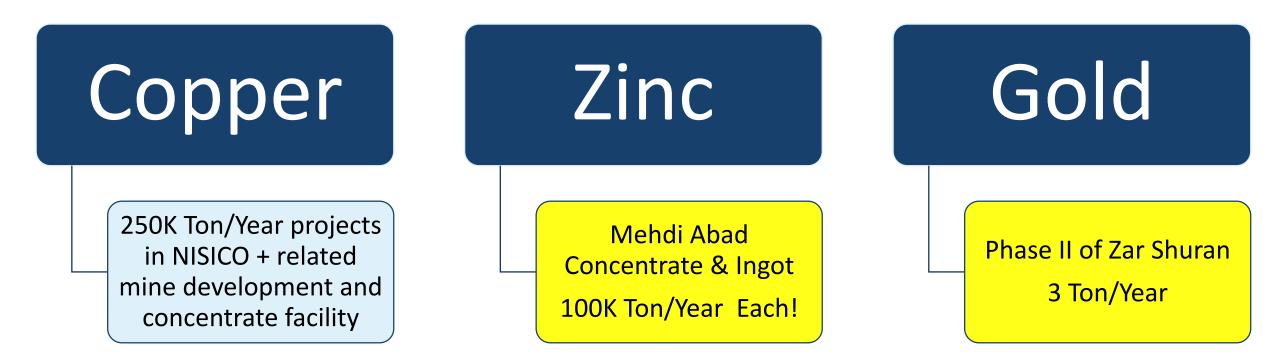

Current and Future Projects (Till 2025)

Other Current and Future Projects (Till 2025)

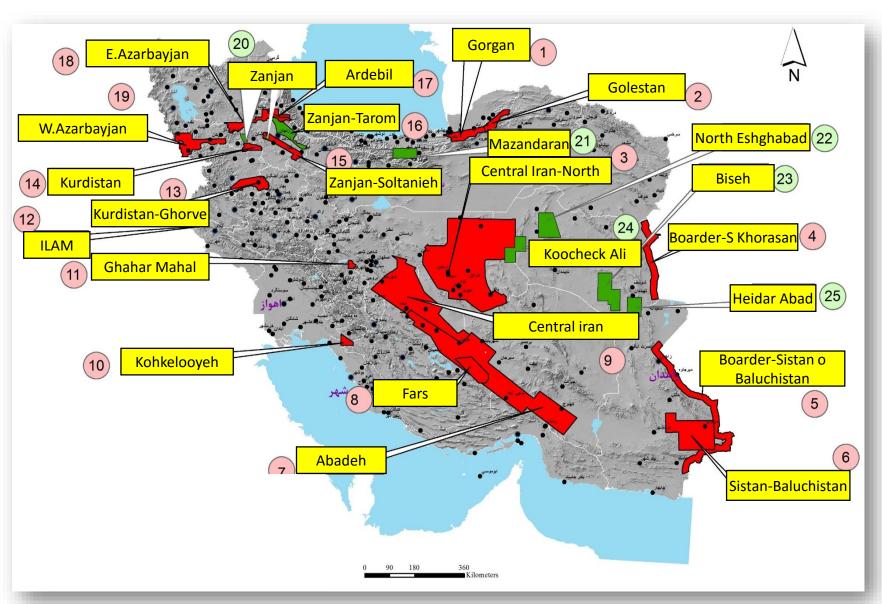

IMIDRO act like Government Partner for foreign investors and Creditors in the projects.

Exploration Projects (240,000 Km2) and Opportunities for Partnership

Province	Area
Khorasan-Sangan	11500
Sistan – Baluchistan-Border	15000
Sistan –Baluchistan-Caravan	14300
South Khorasan-Border line	6116
Fars-Bahram Goor	5000
Ardebil-Ghezelozan- Khalkhal	1351
Kerman-Hormozgan-Sirjan	30000
Ardebil-Sabalan	1696
Ardebil-Baghrodagh	874
Yazd-Bafgh-Robat	10558
West Azarbaijan-Khoi- Maako	1218
West AzarbaijanTakab- Piranshahr	5135
Kohkelooyeh-Boyerahmad	1006
Other Area	136000
Total Area (Km2)	240.000

Competitiveness of Mining Sector in Iran

Very Low Energy Costs	only 4 US\$ Cent per m3 of Nat gas and 1.8 US\$ Cent per Kwh
Skill workers as low Salary	300 US\$/month/well-Experienced Companies and contractors
Biggest market in middle east	25% of used Steel Middle East
Transport	Suitable Road and Rail Network
Suitable Infrastructure	one of the biggest network of Nat Gas Pipeline in the world – 22000 km
Tax free	Special Economic zone
Security	is one of the best in Middle East
Very Low Production costs per Ton	Steel: 300 US\$ - Aluminum: 1500 US\$ - Cement: 19 US\$

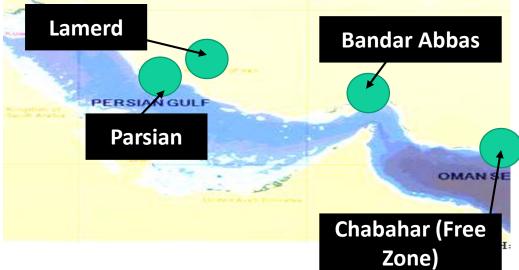

IMIDRO Special Economic Zone: A TAX FREE site for Mining Investments

- IMIDRO provide infrastructure for its Special Economic Zone including Power and Water and ...!
- The zones are placed in Persian Gulf and has Jetty available and/or under planned/Constructions.
- A suitable rate for energy price is negotiable... based on a long term agreement.

Incentives for *Foreign and Private Sector* investment

• IMIDRO is promoting foreign and private investment in the projects in Mining and Metal projects and has the following incentives for investors. To support the project, IMIDRO is willing to participate as a partner for foreign investor, if required

Incentives	Mining Exploration	Mining and Metal projects
Long Term Contract for Low Energy Prices (Nat Gas)		✓
Supporting local partners with Loan from "Iran Oil Fund"		✓
Required permits from Authority Shortly!		✓
Access to Raw material from local mines		✓
Allocate Land in Special Economic Zone (Tax Free)		✓
To Provide infrastructures required in SEZ		✓
Reserve Sharing Contract in Mine after Exploration	✓	
IMIDRO participation as shareholder in J.V Company	✓	✓
Exploration Risk Insurance by Government	✓	
FIPPA Coverage (Foreign Investment Promotion and Protection Act)	✓	✓

Steel Plant

Other Opportunity (Graphite Electrode, Titanium oxide and Power Plant)

Plant / Location	C	apacity	Inves.
Kahnoj Titanium Project- Southern Kerman	-	Ton Concentrate ,000 Pigment	250 M\$
The Mine is one of the world biggest Titanium Mine with a reserve of 150 P	roven Millio	n Ton and is excell	ent IRR
Graphite Electrode for Steelmaking process (EAF) -Ardakan, Yazd		30,000 ton	<mark>300 M\$</mark>
Every Ton of Steel in Iran normally use between 2 to 2.5 Kg of Electrode. Ira using EAF method which means an annual consumption of 32000 ton of Gra will increase to its outlook (52 Million Ton), Demand for Graphite electrode IMIDRO is willing to have a partnership as part of a JV with Foreign investor	aphite Electr will reach to	ode, while the pro 100,000 Ton.	
Power Plant - Bandar Abbas 2 , Hormozgan	50	00 MW	<mark>260 M Euro</mark>
A lot of industries currently under operation (HOSCO, Almahdi) or constru Kaveh)in SEZ in Bandar abbas. As they come to operation, They need a hug electricity for a portion of future demands. IMIDRO is willing to sign the contract with interested partners based on BOC	ge power wh	nere this project w	
Power Plant - Parsian , Hormozgan	50	00 MW	<mark>260 M Euro</mark>
Due to Availability of Nat Gas in Assaluyeh, IMIDRO Established a SEZ for En in Parsian. Now an Aluminum Plant with 1 B\$ Investment is under construct	•	•
